**New York, NY and Sydney, Australia, April 09, 2024 (GLOBE NEWSWIRE)** -- Australian Oilseeds Holdings Limited (Nasdaq: COOT), a Cayman Islands exempted company "[Australian Oilseeds](#)" or "[AOI](#)") is pleased to announce that it will be expanding its Australian operations to the United States effective July 2024. A pioneer in [regenerative](#) farming methods, AOI will, through its subsidiary company, [Good Earth Oils](#), distribute Australian cold pressed NON-GMO canola oil and olive oil to retail and wholesalers in the United States.

AOI and [Good Earth Oils](#) purchase its NON-GMO canola seeds and olive oil from farmers who are reducing their use of chemicals in their farming systems. Moreover they have an unwavering commitment to sustainability, investing in renewable energy (*i.e.*, solar & biodiesel), and low impact packaging initiatives.

AOI processes oilseeds through a cold pressed process without the use of any chemicals which results in the production of higher quality and healthier oils that retain natural vitamins, antioxidants and healthy omega fatty acids. AOI's carbon footprint is 40-50% lower than conventional canola oil processors. See more information at Australian Oilseeds website: [www.australianoilseeds.au](http://www.australianoilseeds.au).

### About Australian Oilseeds Investments Pty Ltd.

Australian Oilseeds Investments Pty Ltd. (the "Company") is an Australian proprietary company that, directly and indirectly through its subsidiaries, is focused on the manufacture and sale of sustainable oilseeds (*e.g.*, seeds grown primarily for the production of edible oils) and is committed to working with all suppliers in the food supply chain to eliminate chemicals from the production and manufacturing systems to supply quality products to customers globally. The Company engages in the business of processing, manufacture and sale of non-GMO oilseeds and [organic](#) and non-organic food-grade oils, for the rapidly growing oilseeds market, through sourcing materials from suppliers focused on reducing the use of chemicals in consumables in order to supply healthier food ingredients, vegetable oils, proteins and other products to customers globally. The Company has expanded its existing oil processing plant and is building an additional larger multi-seed crushing plant in Queensland. Over the past 20 years, the Company has grown to become the largest cold pressing oil plant in Australia and the APAC region, pressing strictly GMO free conventional and organic oilseeds.
